Tags: orangepi3lts case

This is a remix of @Squirrelbrain's awesome Raspberry Pi 4 case, modified to fit an Orange Pi 3 LTS. This is pretty much my favorite case design. It looks bulky and rugged, and it seems really strong compared to some others. Plus I like the multiple pieces, so you can print in different colors to customize the appearance.

This case is featured in my “OctoPrint on Orange Pi 3 LTS” video.

This remix is based on

Raspberry Pi 4 Case
